S I R :

Applicant hereby petitions to withdraw the above-identified
application from issue for the reason set forth in
37 CFR 1.313(c)(2), consideration of a Request for Continued
Examination.

As required by MPEP 1308, one specific and significant
defect in the allowed application is that a Japanese patent
publication (No. 8-95231) has been found which is believed to be
material to the patentability of the allowed claims.

The RCE submitted herewith is being filed with an
Information Disclosure Statement to make JP 8-95231 of record.
